Introduction

Dear Parents,

Welcome to SIS,

Shinagawa International School (originally which was the Jingumae International Exchange School) began its life in the May of 2007 for students from age 3 through grade 6. In the beginning, it was situated inside the Jingumae Public Elementary School Campus in Shibuya-ku. At the end of June, 2018, SIS moved to its new campus location near to Shinagawa Seaside, Aomono-yokocho, and Oimachi stations in Shinagawa, Tokyo.

Members of our dynamic school community represent over 30 different nationalities which give us a great mixture of different experiences and cultures. This factor makes SIS a stimulating place for all involved. The school campus has Preschool (Age 3), PreK (Age 4), Kindergarten and Primary School (Grade 1-6).

As an IB PYP school, SIS offers a comprehensive education that incorporates the five essential elements of the IB program (Knowledge, Skills, Attitudes, Conceptual Understanding, and Action). The SIS mission and education philosophy promote a balance of acquiring knowledge, developing skills and promoting positive attitudes and attributes that will contribute to every students' capability to be inspired lifelong learners. The students' action is represented in SIS vision statement that will guide them to be global learners who contribute towards world peace. On top of this, the classes are scheduled with Japanese lessons, depending on the ability of the individual; we follow Japanese Kokugo textbooks (Japanese as a Native Language) or JAL (Japanese as an Additional Language).

SIS is considered to be a community of learners. We are fortunate to have teachers and students from all over the world, resulting in a multicultural and diverse learning community. We celebrate our diversity not only in our regular class activities but also by hosting an International Children's Festival every year. Teachers design learning activities which empower students' academic achievement and personal passion for life-long learning. Social development is a high priority at SIS, and our mixed age group After-School Program activities promote interaction among children of different ages. All lessons, activities, and school events are designed based on our students' culture, beliefs, and background. Our unique cultural features are respected and celebrated in order to encourage understanding and appreciation of diversity. The result is a challenging, non-discriminatory learning environment which is responsive to the needs of its learners. Teachers plan lessons and learning activities based on students' needs. A high teacher-to-student ratio allows us to know our students well and differentiate instruction to best help each child achieve his or her learning, personal, and social goals. Each student is respected as an individual with different strengths and interests. The SIS learning community includes representatives from a wide variety of backgrounds. Events like Japanese Culture Day and exchange activities with local schools encourage respect and appreciation for other cultures and our local community in Tokyo. The SIS learning community is based on mutual respect and open communication between staff, parents, and students. Our parents cooperate in many aspects of school life, such as participating class activities, volunteering to enhance our library and media center, accompanying classes on field trips and holding fundraisers like a bake sale for International Children's Day.

We look forward to seeing you at SIS.

Mission and Educational Philosophy

SIS Vision

Our vision is to foster passionate, independent, highly-motivated learners who actively contribute to world peace.

SIS Mission

Our mission is to provide a multicultural learning community which nurtures passion for academic, social, and personal success.

SIS Educational Philosophy

SIS aims at educating each of its students to be:

- inspired and independent life-long learners.
- academically, artistically, socially, and physically balanced.
- inquirers and problem-solvers.
- multilingual communicators.
- responsible and principled internationally-minded citizens.
- appreciative of our local community.

IB mission statement

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect to this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment. These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

IB learner profile

The aim of all IB programmes is to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world.

IB learners strive to be:

Inquirers: They develop their natural curiosity. They acquire the skills necessary to conduct inquiry and research and show independence in learning. They actively enjoy learning and this love of learning will be sustained throughout their lives.

Knowledgeable: They explore concepts, ideas and issues that have local and global significance. In so doing, they acquire in-depth knowledge and develop understanding across a broad and balanced range of disciplines.

Thinkers: They exercise initiative in applying thinking skills critically and creatively to recognize and approach complex problems, and make reasoned, ethical decisions.

Communicators: They understand and express ideas and information confidently and creatively in more than one language and in a variety of modes of communication. They work effectively and willingly in collaboration with others.

Principled: They act with integrity and honesty, with a strong sense of fairness, justice and respect for the dignity of the individual, groups and communities. They take responsibility for their own actions and the consequences that accompany them.

Open-minded: They understand and appreciate their own cultures and personal histories, and are open to the perspectives, values and traditions of other individuals and communities. They are accustomed to seeking and evaluating a range of points of view, and are willing to grow from the experience.

Caring: They show empathy, compassion and respect towards the needs and feelings of others. They have a personal commitment to service, and act to make a positive difference to the lives of others and to the environment.

Risk-takers: They approach unfamiliar situations and uncertainty with courage and forethought, and have the independence of spirit to explore new roles, ideas and strategies. They are brave and articulate in defending their beliefs.

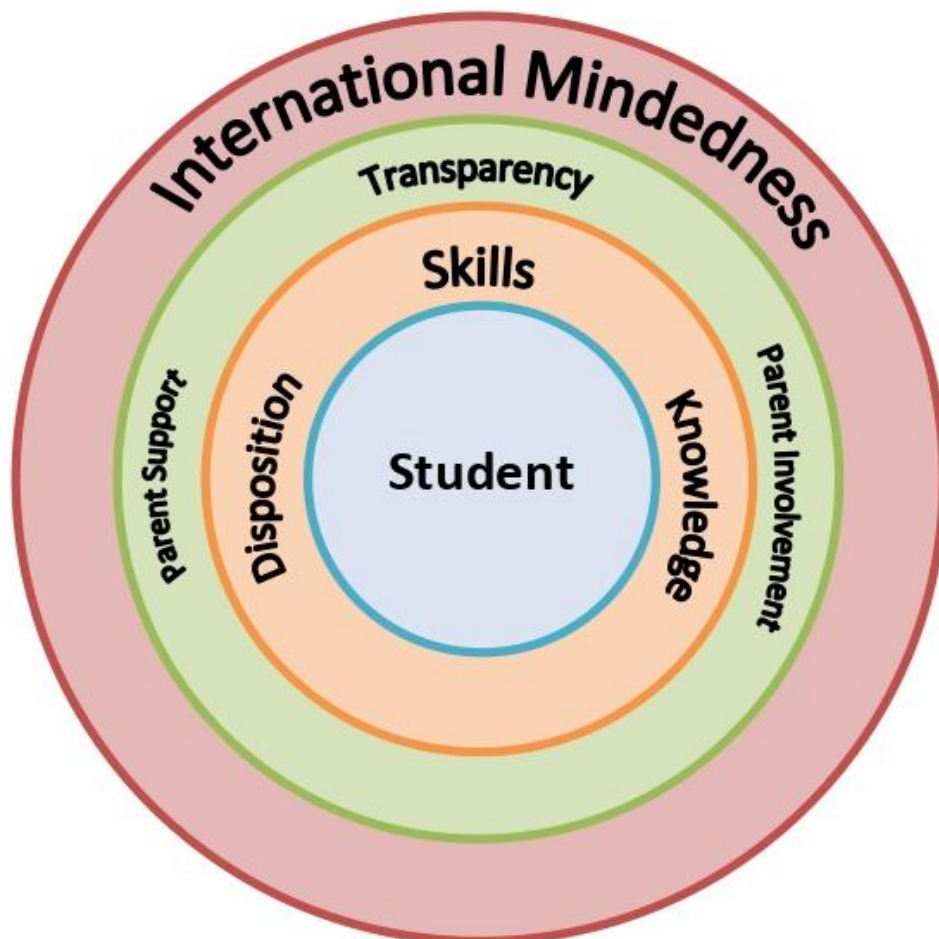

Balanced: They understand the importance of intellectual, physical and emotional balance to achieve personal well-being for themselves and others.

Reflective: They give thoughtful consideration to their own learning and experience. They are able to assess and understand their strengths and limitations in order to support their learning and personal development.

Admissions Philosophy

In alignment with the IB mission statement, Shinagawa International school shapes its admission policy based on the essential features listed below:

- **International mindedness:** SIS seeks shared understanding of educational philosophy from parents. International mindedness is the bonding feature of our school community and it is vital for our prospective families to demonstrate this perspective as well.
- **Inclusive Education/Diversity:** SIS welcomes families from various cultures, countries and linguistic backgrounds.
- **Holistic Approach:** SIS not only takes the academic background of a child into consideration, but also their disposition and their self-management, social and communication skills, before making the final enrollment decision.
- **Transparency:** SIS expects families to share all the required and related information about social, physical, emotional, and academic development of their child.
- **Support:** SIS expects families to be fully aware of the school rules and regulations and be supportive of, and involved in, their child's education journey.

Admission Policy and Student Placement

Course Structure

Preschool through Grade 6

Enrollment Age

Standard Admission

A child with the appropriate age for the grade level before 1st September of that academic year is eligible for standard admission. Appropriate ages for the grades are:

Preschool	3 years old
PreK	4 years old
Kindergarten	5 years old
Grade 1	6 years old
Grade 2	7 years old
Grade 3	8 years old
Grade 4	9 years old
Grade 5	10 years old
Grade 6	11 years old

Exceptional Admission

A child whose birthday is on or after 1st September of that academic year but has exceptional academic skills and appropriate social maturity may still be considered for admission into a particular grade. Acceptance is contingent upon a successful interview and previous school records.

Enrollment Time

Most children are admitted in September, but if vacancies exist, the school will normally admit children throughout the course of the year.

Enrollment Interview and Assessment

All students must go through a trial class and an individual interview in order to be accepted into SIS. As a part of the application process all parents must sit the enrollment interview, which is to ensure the school's philosophy and programs match parent's educational beliefs and expectations.

Factors that contribute to acceptance depending on the grade are:

Preschool / PreK

Ability to separate from parents, social maturity, self-help skills, language ability, fine and gross motor skills and the current makeup of the class. Students must be able to toilet themselves independently.

Kindergarten

Ability to separate from parents, social maturity, self-help skills, language ability, fine and gross motor skills, academic ability and the current makeup of the class. Students must be able to toilet themselves independently.

Primary School

Age-appropriate social skills, language ability, academic ability and the current makeup of the class.

Application and Admission Procedure

All prospective students must first complete an application form. Students may apply within one year of the proposed starting date. Application forms are available online from the school's website www.sistokyo.jp or direct from the Admissions Office by visiting the school in person, writing, telephone, fax or e-mail: shinagawa@sistokyo.jp.

The completed application form, with the student's photo and other documents specified by the school should be returned to the Admissions Office by mail, fax or in person. If you fax the application, please call us to confirm receipt and bring the original copy on the interview date. Each application is for one child only and carries a non-refundable fee of 20,000 JPY for each child applying. This fee should be remitted to the school bank account at the time of application and the transfer receipt attached to the application documents. The bank account details are given on fees page. The fee covers all the administrative assessment and processing.

After receiving the completed application form, our admissions committee will review the application in accordance with our admissions criteria. The admissions criteria include:

- age
- availability of places
- English language proficiency
- previous school records
- siblings
- special abilities
- previous international educational experience

Your child may or may not then be invited for an interview and trial class. A placement assessment helps us to determine the grade placement and whether English-as-an-Additional-Language (EAL) or other specialized assistance is required. Families will be notified of assessment dates. The child's previous school records (originals and English translations if not already in English) and a passport copy must be submitted at least 1 week before the assessment date otherwise the assessment cannot take place. An official copy of your child's academic record can be obtained from your child's previous school.

After reviewing the assessment results and previous school records, the school will decide whether the child may register. Families will be notified as soon as possible of admission decisions and it is at this stage that actual registration can take place. Once a place has been offered, the family has a limited time, specified by the school, to accept it. Within one week of accepting the offer the Enrollment Fee must be paid. All other fees must be paid by the dates notified by the school otherwise your child's place may be withdrawn and given to another applicant. Please note that SIS policy is that students must be in full-time residence with at least one parent or a legal guardian.

Admissions Checklist

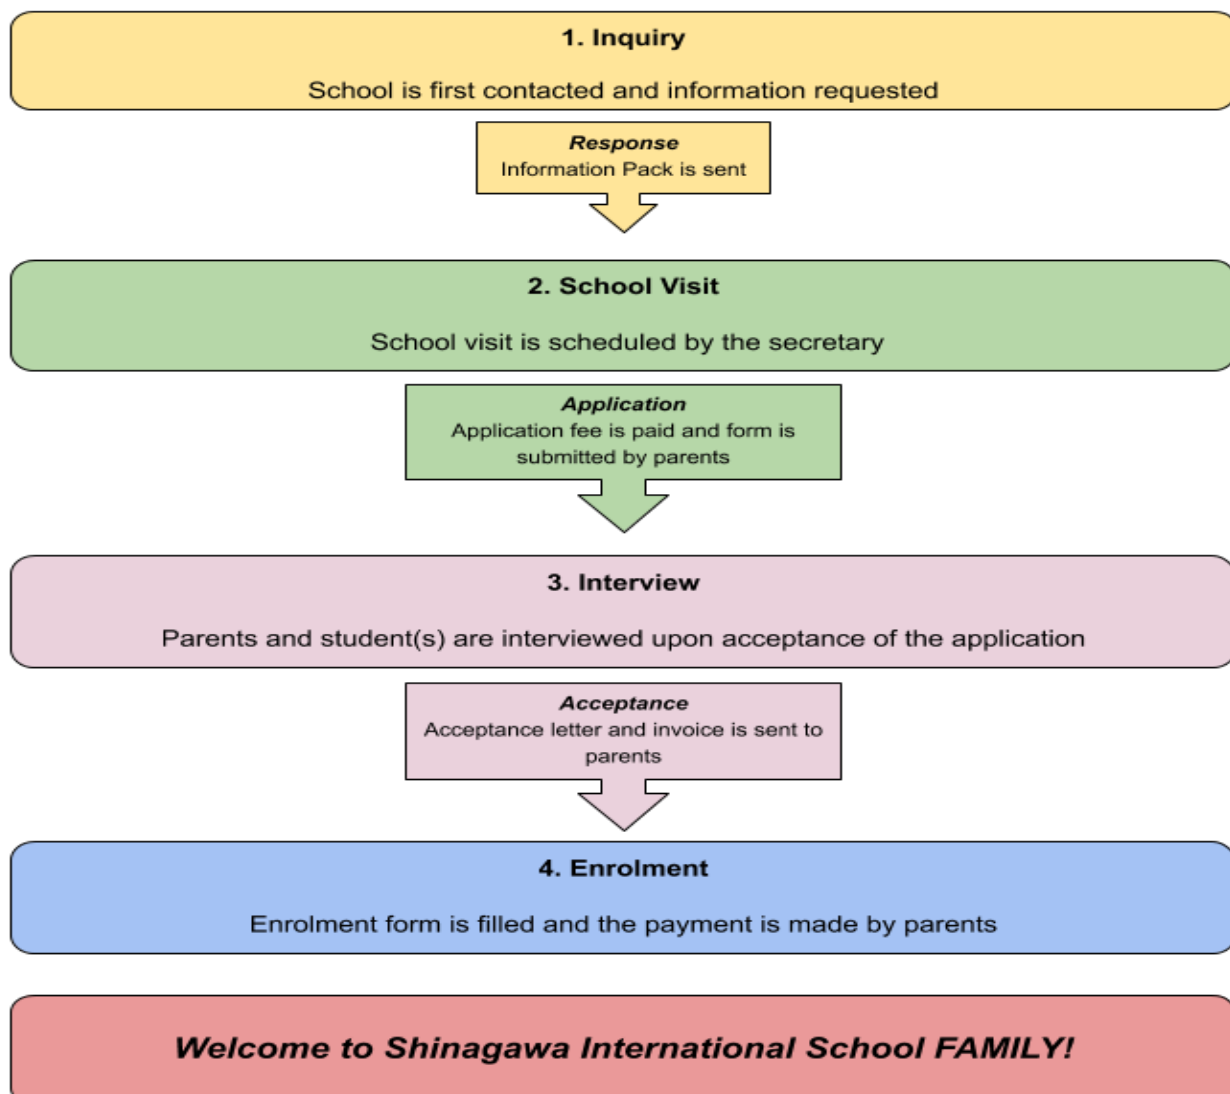

This checklist will assist you in completing the application process in a timely manner. The enrollment fee, tuition and other fees are to be paid in accordance with the stated times

throughout the application processes. If you are making an application during the term, then all fees have to be paid before the student can start at SIS.

1. Official copies of academic records from each school previously attended over the past three years (if available), translated into English.
 - a) First grade students must provide Kindergarten reports (or the equivalent).
 - b) Kindergarten students are not required to submit reports, although a progress report from the child's preschool program is very useful.
 - c) A student portfolio with photocopied examples of the most recent class work is recommended.
2. The completed Application Form.
3. The application fee of 20,000 JPY paid by bank transfer.
Please attach the receipt with the Application Form.
4. A photocopy of the student's passport or birth certificate for verification of birth date.
5. A guarantee letter from your company if it is paying the school fees and tuition.

Admissions Procedure

Please view the admissions procedure for prospective parents. Please note that below is the regular procedure and the school can make necessary arrangements for those families whose situation requires flexibility. Feel free to contact the school office for further information.
